

More Pupils Than Room For Them In Highland Park

New Room Created Out of the End of a Hall

New Low Fifth Grade Pupils Will Temporarily Be Taken Care of in a New Room to Be Taught by Klifford Rice; Cadet Teachers Assigned.

CHILDREN are more anxious to go to school in Highland Park than there is room for them, or desks, so in order to try to meet the demand, a room has been created out of one end of the hall in it. The new fifth grade pupils who were promoted from the high fourth at the beginning of the new term, will be seated. Miss Klifford Rice, the principal, will teach this grade, and her former room, the low and high fourth grades, will be in charge of cadet teacher, Miss Ruth Long.

Highland Park youngsters are very happy in the possession of a new graduation, and are using the music record for their folk dances and school music. The graduation was made possible by the proceeds of an entertainment given at the school last week, consisting of musical number and stereopticon lantern slides. The Highland Park Mothers' club assisted the teachers in giving the entertainment and Mr. Vaughan managed the stereopticon lantern.

Cadet Teachers Assigned.
With the commencement of the new term, the cadet teachers have been assigned to different schools to give them a wider experience. Miss Ruth Long, who has been the cadet at the Franklin school, goes to Highland Park school; Miss Mary Leighton, formerly cadet at the Aoy school, will be stationed at the Franklin school; Miss Estelle Berrien has been changed from the Bailey school to the San Jacinto; Miss Frieda Rhielhelmer, who has been cadet at the Bailey school, is now at the Alamo school; Miss Annie L. Sullivan has been changed from the Highland Park to the Beal school.

BAILEY'S PROMOTION LIST IS LENGTHY

From First to High Fourth Grades Pupils Made Up After Examinations of Past Term.

At the Bailey school the pupils promoted to the first grade are Dorothy Anthony, Joe Carson, Leonora Carver, James Clifford, John Chew, John Conway, Dorothy Davis, Raymond Denno, Jim Dick, Annie Dwyer, Anna Frances Gansley, Pauline Gilliepie, Linda Glenn, Robin Hall, Bonnie Humphreys, Helen Jackson, Arthur Manker, La Valle McMath, Ethel May, Cecile Miller, Rupert O'Neal, Alvin Parker, Ermie Payne, Stuart Ponder, Mark Pew, Marion Pate, Ruth Price, Madeline Snyder, Robert Sims, Joseph Snyder, Thomas Tessier, Jose Torres, Elizabeth Underwood, Richard Warren, Blanche Cornwell, Dorothy Williams, Johnson, Frances Lassiter, Jerry Morris, Edward Pope, Edward Taranto, Blanche Turbeville and James Wingo. "Relieved my Rheumatism"

—Yes, and after I'd been laid up all winter, had doctored, and tried everything I could think of, and was just about ready to give up the fight, the pain was so terrible—that's what Sloan's Liniment did for me. And it'll do as much for you."

Sloan's Liniment never fails. It's penetrating—goes straight to the sore spot—kills the pain. All you have to do is to lay it on lightly—no rubbing required.

STOPPED SHOULDER PAINS
Mrs. J. H. Blockwede, of Groton-on-Hudson, N.Y., writes: "I had rheumatic pains in my shoulders and back so bad I could not move without screaming. We happened to get a half bottle of Sloan's Liniment from a neighbor and it worked like magic; the second application relieved my suffering entirely."

RELIEVED SCIATIC RHEUMATISM
Mr. Perigofer, W. 25th St., Des Moines, Iowa, writes: "We have used Sloan's Liniment for over six years and found it the best when ever used. When my wife had sciatic rheumatism, the only thing that did her any good was Sloan's Liniment. We cannot praise it highly enough."

SLOAN'S LINIMENT

Is splendid for sprains, bruises, neuralgia, lumbago, lame muscles and stiff joints. Always keep a bottle in the house.

At all dealers. Price 25c, 50c, and \$1.00

Neglect the Care of Your Scalp

And Your Hair Will Become a Disgrace

—HERPICIIDE

The hair is more exposed and hence more liable to accumulate dust and dirt than any other portion of the body.

In spite of this the hair receives, as a rule, the least attention and no real effort is made to keep it healthy. If the dandruff germ is allowed to work unmolested and the scalp becomes crusted with dirt accumulations, one may expect the hair to die and fall out. There is no cause for surprise in this phenomenon; it is natural and happens in every instance where the care of the hair and scalp is overlooked.

The one sure remedy which prevents the loss of hair and permits a healthy, luxuriant growth is found in Newbro's Herpicide.

The dandruff cannot remain on a head to which Herpicide is regularly applied. The hair ceases to fall. The terrible itching stops almost instantly.

That is what Newbro's Herpicide does.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Send 10c in stamps for booklet and sample of The Herpicide Co., Dept. R, Detroit, Mich.

Applications at the good barber shops, Kelly & Pollard, Special Agents—advertisers.

CONTROVERSY OVER RATES COMPROMISED

Phoenix Electric Company Agrees to Reduce Rates and Withdraw Legal Action in Federal Court.

Phoenix, Ariz., Jan. 31.—The bitterest controversy ever engaged in by the Arizona corporation commission has been compromised, and as a result the electric light and gas bills presented to the people of Phoenix February 1 will be materially lower than ever before.

After months of effort, a compromise has been reached by the commission and the Pacific Gas & Electric company. The company agrees to withdraw the legal action pending in the federal courts, to install a schedule of reduced rates dating from January 1, and to spend \$100,000 immediately for the extension of its lines.

All advances exacted from consumers for extensions during the controversy will be returned. No rebates will be made, however, on bills paid before 1914.

Immediately after the commission took up the case regarding the rates of the P. G. & E. company were made. Hearings were held and an expert employed to fix the valuation of the company's property. A rate order was issued June 23, 1912. The company immediately went to the federal courts, which decided that the commission had not fixed the valuation high enough and therefore had fixed the rates too low. A temporary restraining order was issued. Soon after that the company offered to compromise and the commission accepted rather than go to the supreme court.

The old lighting rate was 12 cents a kilowatt hour and the commission ordered it reduced to 8 1-3 cents. It is now 10 cents an hour for the first 20 hours and six cents an hour for everything above. Voluntary use of the company reduces its gas rates, which did not figure in the order.

The Place of Greatest Opportunity in El Paso Is

Government Hill and Richmond Terrace

Buy where improvements have been made—not promised. Keep in the tide of on-sweeping progress eastward. Every feature connected with the marvelous growth of this section breathes success.

Buy where improvements have been made—not promised. Keep in the tide of on-sweeping progress eastward. Every feature connected with the marvelous growth of Government Hill and Richmond Terrace breathes success.

Remember the tide is sweeping eastward and eastward ONLY. These subdivisions now are in the midst of a well populated district—hundreds of new homes are going up in and near here.

They are on El Paso's finest paved Boulevard, but a few minutes ride from the business district, on high ground, free from the dust and smoke of the city; overlook the city of El Paso and the beautiful El Paso valley; have all modern improvements, including electricity, pure mesa water and telephones. Government Hill and Richmond Terrace will be a repetition of East El Paso, and the man who buys today will in the future be termed "lucky."

This section offers advantages possessed by no other suburb of El Paso.

Buy Lots in Richmond Terrace Now!

Richmond Terrace is NOW and ALWAYS WILL BE El Paso's most exclusive and highest improved residential suburb. Thousands and thousands of dollars have been spent on improvements here during the past few months. Its streets are paved with BITULITHIC PAVING—the kind that never gives trouble. It has cement sidewalks, 2 1-2 miles of park spacing, pure mesa water, fire hydrants, sewers, gas, electricity, telephones, street car service.

Seven Homes, Costing Over \$50,000, Are Just Nearing Completion

Trees and beautiful palms are being planted in the parking. Nothing has been left undone—nothing to be taken for granted in Richmond Terrace. We have already done what other additions promise to do at some future time. Go out and see

RICHMOND TERRACE

Compare its improvements and environments with other additions—we're willing to abide by the result.
